Changes in CPC Constitution and Bylaws

- During the February and March meetings, the CPC deliberated and approved changes to the Constitution and Bylaws. The Council considered changes intended to:
 - 1) Clarify and simplify a few sections of the Bylaws and,
 - 2) Increase the size of the Council helping the CPC better serve State Classified employees (and clarify membership "type")
- Through recent years the CPC has been comprised of up to 20 members and five "alternates" (non-voting members). The desire to increase the size of the Council is intended to better enable CPC representation on an ever growing list of University Committees.
- While approving the change to the size of the Council – up to 30 members, the Council also approved removing the distinction of "alternates" – now, all elected representatives of the Council are "voting" members.
- You can read the updated CPC Constitution and Bylaws here:

Share your ideas – Re-envisioning CSU

Help to shape the future you want!

- When Colorado State University was founded in the 1870s, the people who worked and studied here had a vision of what the institution would become. These founders, and their successors, imagined what Colorado State could be and planted the seeds of what the University is today.
- The University has thrived from the foundation they laid. Now, the CSU community is invited to build a new foundation for the century ahead. [Share your ideas here.](#) No idea is too small or too BIG!

Upcoming CPC Activity

[Friday April 22nd is Earth Day!](#)

- Join CPC at the CSU Earth Day Festival – located in the LSC West Sculpture Garden from 10 am-2 pm on Friday, April 22nd.
- The CSU Earth Day Festival is an annual event that invites organizations from the Fort Collins and CSU community to highlight, encourage, and educate students, faculty, and staff on how to live a more sustainable lifestyle. CPC, Facilities Management, SoGES, many student organizations, Transfort, The Food CO-OP, City of Fort Collins, and live music will all be at the festival – hope to see you there!

CPC Legislative Visit

- The CPC is headed to Denver for their annual visit to the state capital. This visit provides CPC members an opportunity to spend time with our elected officials. The visit includes a learning opportunity to see firsthand the state legislative process, spend time on the floor of the Senate, and best of all – have face-to-face conversations with elected officials, adding our personal voices to the issues and concerns of CSU State Classified employees.

CPC Recognition Luncheon

- On Tuesday, May 10th the CPC will host the Annual CPC Recognition Luncheon.
- Each year the CPC recognizes: the recipients of the Outstanding Achievement Award; recipients of the Positive Action Award; our own members who have completed a full 3-year term on the Council; and takes the opportunity to celebrate the accomplishments of the 2015-2016 year.
- This year, the special guest speaker is Dr. Roger Culver, Astronomy professor in the Department of Physics. Dr. Culver will be retiring from CSU in August 2016 after 50 years of teaching!
